Thanks to Shane's seafood and BBQ for giving us a place for our "Eatin' board Meetings"

President's Newsletter

January was a real quiet month in regards to car shows. Seeing as how the car show scene doesn't really get fired up until March, the only thing I have to report is that it is the beginning of a new year, and hopefully things will get better as 2022 progresses.

In regards to club business for 2022, its time for us to start working toward getting new club members, along with new sponsors for our annual show in September. Hopefully, we will be able to have a show this year. With that in mind, I have put 2022 sponsorship applications on the website for you to download and take to your existing sponsors, or if you know someone who may want to sponsor us this year, you can chat them up and give them an application. We most likely wont have show shirts this year because the future is too uncertain this far out from September. We hope that we will be able to have at least a nice big Show and Shine this year at Wray Ford. If we can do that, then next year, in 2023, we will try to have a full blown show with show shirts, goody bags, door prizes and the like. So platinum sponsorships are the way to go as they will get a show and shine at the sponsors business in 2022. They will just need to have a good sized parking lot for us to have the event in. With good planning, we would be able to get at least 10 if not more member cars there for the show and shine.

Also up on the website is the new 2022 membership applications. It will work for new members or existing members for renewal. Please get your completed application and dues to us by the March club meeting. We don't want to have to purge members from the progressive pot drawing for our meetings every month. I believe the pot is up to 30.00 for the February meeting, and you have to be a paid up member in good standing as well as present to win, so please bring your renewals along with your dues to that meeting if possible. If you know anyone who is thinking of joining our club, don't hesitate to invite them to come along with you to one of our meetings to "check us out." Hopefully, 2022 will be a better year for car shows, and that should help us recruit new members.

Another thing I would like to try to do is to set up more dinner cruises once the time change comes up in March. That way, the sun will set later, and we will be able to cruise as a group to dinner after club meetings and also over to Texas or just out of town for a lunch or dinner cruise on Saturdays. We had a few lunch\dinner cruises last year, but I hope to get back to us doing more this year, and cruising as a group to dinner after club meetings. I am thinking the more we are seen as a group cruising around town, that will help us get more members, and keep the newer ones we have gotten last year. After all, our club is all about our beloved Mustangs and and Fast Fords. I've had my 5.0 for going on 18 years now, and It may only have half the horses as late model Mustangs, but it is still a blast to drive. I need more excuses to clean it and to drive it. I hope every one else feels the same.

From Tom

Hello Mustang Family !! Another month flew by and not too much going on in the car world. I finally got around to cranking up the Roush first time in a while. I thought garage would be done by now...no on both counts. Battery was dead so off to Rusty it went to be charged. After a few days I got the call that it was holding a charge ! Back in the car it went so it could light up the oil light and low tire light. My luck. Aired up the tires and took it to Roundtree for service. All set to roll now with nowhere to go....lol Such is life with a mustang but I wouldn't have it any other way. Keep the shiny side up !! Tom

From Rusty

HAPPY BIRTHDAY Red River Classic Mustang Club!! WOW, 30 years, it has certainly gone by quickly.

Don't forget that dues are due this month. Please fill out a new member application so that our records will be up to date.

Unfortunately, there hasn't been a lot going on clubwise, but it is that time of year to make repairs or renovations to our rides to get ready for warm weather. I'll be so glad for the time to change back since it gets dark so early!

We've been doing a little camping as weather permits. But there's been some really cold weather!!

I've been doing a little work on a club member's 64 1/2 Mustang convertible. Rear shocks, heater tube for the choke, removing some aftermarket parts, tweaking the exhaust because of rattles, small leak on a brake line and changing out an oil pan. For some reason, on a 64 1/2-66 Mustang, some people believe that you have to jack up the engine to replace the oil pan. Guess they're not familiar with a removable frame crossover. Pull about 4 bolts, remove starter and then remove 22 bolts out of the pan.....it'll drop off into your hands. Just takes a bit of time. Hopefully, a few more small items and it'll be roadworthy for long trips.

Keep the ponies on the Road!!

Rusty
