Presidents News

May 2023

Hello Mustang family...April is loaded with car shows. It seems every weekend there is a few to choose from. A few of us went to Minden ,La for the Wings and Wheels show. It was a benefit for medical transports and was not a judged show. Lane ,Garrett ,Rob, Kelly ,Phillip. and I showed our mustangs along with many other cars of all types. I missed the Logansport show but managed to make it to Bayou Thunder benefit show. Kelly and I both took awards in the mustang class with best of show going to David Bartlett's mustang. More shows coming up in the future. If you haven't been in a show before , plan on joining us . It's not the awards but the comradarie with other car enthusiasts that makes it fun. Remember ,our show is in Sept, and we still need door prizes and goody bag staffers as well as shirt designs. Keep the shiny side up ! Tom

TOM HUGHES
RRCMC President

Happy
Mother's
Day!

May 14, 2023

**RRCMC WISHES A HAPPY
MOTHERS DAY TO ALL OF OUR
RRCMC CLUB MEMBERS**

A Bit of Cents

From the Treasurer "Tina"

For many years, the MCA has used the Motosho platform for show registrations; the owners of the platform have decided to cease operations, but there is a new way to register now, so no worries!

MCASHOWS.COM - is now Open and accepting registrations for 2023 MCA National Shows. You may even find a couple of regional shows listed there as well.

As you may have already heard, we are no longer using Motosho as our registration platform. Motosho has made the decision to shut down and will not be available any longer to use for show registration. Not to worry, we have a plan in place and better things to come in the future!

If you have not yet registered for one of our national shows in 2023, please go to mcashows.com and register. This is an easy registration form to complete, and the process should be pretty simple. All show contacts are listed on the form so if you have any questions, please do not hesitate to contact the show for assistance.

Your registration is very important to us, and our goal is to continue to provide you with the best and most up to date registration platform. Stay tuned. are working to build the process as we go.

Albuquerque NM	June 9-11	at the Balloon Fiesta Park
Indianapolis IN	July 27-30	Track & Show combo
Melbourne FL	Sept 8-10	at the American Muscle Car Museum
Topeka KS	October 6-8	Track & Show combo

(points will count towards 2024)

Secretary's Notebook

A bunch of miscellaneous thoughts this month. Could it be? Could it be? That every vehicle, old and new could be in the shop or down and sleeping in the garage at the same time? It could!

It would be nice if I were a "fixer" and not just a "disassembler" of classic autos. Sure, a Mustang is simple to work on. But a simple amateur mechanic cannot do much. Thanks to all in the club who supply tons of valuable tips. And then there is YouTube to put in their ten cents worth.

So, the great old 64 ½ that I plan to drive to New México in a few months has brake difficulties. The only thing it won't do is stop! Was working just fine back in September. And when I got her out a week ago, the brakes are almost nonexistent.

My assortment of tools doesn't have the thing-a-mah-jig that takes the top off the brake master cylinder. I looked under and don't see any brake fluid leaking from anywhere, including the wheel cylinders. So Sally sits!

The 2008 Bullitt is down. Something about the git-up-an-go got-up-and-left. Just no power. At least it is new enough and runs well enough to get the baby to Rountree to figure out what's wrong.

Over in the other carport "Cock-A-Doodle-Do" (the 64 Fairlane) reposes on four tires deprived of pressure by the recent cold snap. Floyd, Barry and I figured out what is causing the exhaust fumes to well up so greatly in the cabin during operation on the open road. The gaskets between the engine and exhaust manifolds leads a bunch. Also, the small donut gasket where the tail pipes hook on leak also. And the guy at the A/C shop said the PCV Valve is stopped up. Cheap fix for that last one.

Then my wife's Focus hangs up in park while driving in Natchitoches. Hauled the hulk to Natchitoches Ford for a determination that the part broken is on backorder with an expected delivery in 4-6 months. She finds a cure at Rountree. New red Bronco Sport with a white top and white wheels. Like from Fantasy Island. Pretty nice car and great ride. She'll need the 4-wheel drive G.O.A.T. mode to get to school and back every day.

The good news is that the F-150 runs fine. But for a month or more before the Bronco arrived, guess who drove the truck and guess who rode in the exhaust fumes in the Fairlane. I am sure glad she got the Bronco and I got "Big Red" back!

Then comes going back to college to take a quickie course in "How to Pay 101!" I'll need more than college credit! That's also why I didn't sacrifice the checkbook for a new something.

Mustang clubbers, keep them on the road and keep them running great. Put your "excess" money into something useful like a sailboat or jet ski. Not into a classic Mustang!

By RRCMC Secretary John Brewer

From Rusty RRCMC Vice President

- To continue with our Motor Trend topic about special Fox Body Mustangs, this month is about the Vibrant White AKA "Triple-White" feature car.
- The 1993 Vibrant White LX convertible is the undisputed holy grail for this run of special-edition 'Stangs. Although Vibrant White wasn't exclusive to Feature Cars, only 1500 LX convertibles were made with the Vibrant White body/Oxford White top/Arctic White leather-interior (with running-pony embroidery in the headrests and floor mats) color setup in 1993. The car also had white, 16x7", four-lug, aluminum five-spoke wheels, for what would be the Fox platform's final year.
- Next month the final instalment dealing with the 1993 Canary Yellow Mustang LX.
- Don't forget about goodie-bag stuffers as well as door prizes/sponsorships toward our show in September.
- In the meantime, I'll be cruising to work in our 7-Up convertible and replacing the fuel sending unit in our '65 Coupe. (the brass float on the unit appears to have a hole in it. I guess it's not bad since it's only been replaced once in 59 years).

Keep the ponies on the Road!!

Rusty Rhame,
RRCMC Vice
President

Well April started off right. Went to my first car show in Minden and at alot of fun doing so. Then on April 22nd Tom Jean and I went to a charity show at Bayou Thonder Solon for a guy that lost his house in a fire, and I won't to congrats to Tom Hughes for getting first place David Batlet Best of Show and myself for third place. Had a good time. Can't wait till May 6th to ride to Texarkana Ar. and yes, I will have sunscreen this time around as well as a hat and tent lol. after our May meeting, we will be cruising to Jans river restaurant to eat some good food and enjoy each other's great company. And I still needs yalls help to get goody bags and give aways. If your off during the week, please help as I only have weekends off thanks in advance.
