## **Presidents News February 2023**

Hello Mustang Family!! January has ended and we should all be preparing for show season. Kelly went with Jean and I to Jefferson, Tx for the ArkLaTex car council meeting. The purpose was to put show dates on a calendar to help stop more than one show per date. All but two clubs represented were Corvette clubs. Lesson learned....lol. We have new sponsorship forms, membership forms, and new mustang purchase packets ready for distribution. The World Of Wheels will be Mar 3-5. If anyone wants to help out with the show please let me know. Let's start contacting possible sponsors and gathering goody bag staffers and door prizes for our show. Never can start too early. Let's get those ponies cleaned up and ready to participate !! Keep the shiny side up.... Tom

## From Rusty RRCMC Vice President

I ran across this article via Motor Trend dealing with Fox Bodied Fords/Mustangs. I hope you find it as informative as I did. I figured that I'd break up the article over the next few months. Ford's Mustang has borne the "iconic" tag for several decades. Why? Because, from its introduction in 1964 to the recently announced 2024 S650 "Dark Horse", the Mustang has become one of the most popular U.S. built sports cars of all time, with an enthusiast base that literally spans the globe and includes collectors of rare and, in most cases, pristine examples of "America's ponycar."

Let's start at the beginning and define the term "Fox Body" first. It's a 1979-1993 Ford vehicle (Mustang, Fairmont, Thunderbird/Mercury Capri, Zephyr, and Cougar), powered by a 4-, 6- or 8-cylinder engine, that uses the rear-wheel-drive, unibody chassis produced during the period.

Though unofficial per Ford's platform nomenclature, "Fox-body" is the widely accepted, enthusiast-created (and media-manifested) term that is used to identify and describe the cars.

Next month, we'll start looking at the limited-edition Fox-body Mustangs and I'm proud to say that we have a couple of them in our club.

Keep the ponies on the road!!  
Rusty

# Kelly's Blog

Hey everyone

As yall can tell car show season is kicking back up so let's get our cars looking good again. Also I need yall to get with your friends and / or sponsors to get stuff for goody bags and /or give aways for our show in September. I would like everyone to help get the word out. We need to get the ball rolling on it so we can have a good turn out. After our February meeting we are crusing to ming garden on shreveport barksdale for dinner at 7. Also if you need point sheets see rusty for them. I do have some in my hands as well but there black and white. Yall can also get points for writing a news letter as well. Last year I had to replace my battery in my car and thank Goodness I didn't have to get jumped off. After our Christmas party I had to get a set of tires cause I got tired of getting home and being on a flat tire thank goodness I got a air compressor for Christmas to keep in my car with me just incase it happens again ( witch I hope not). On January 25th my mom was called home to be with the lord. Please keep me and my family in yalls prayers. We will be celebrating her life that she had with us on February 5th at 1:00 at our house with family and friends that knew her or knows us. I'm so lost with out her here with me. She always asked me how was the car shows and the meetings. She loves to her me talk about it cause she knows that's what I loved doing. All I ask to keep us in prayers please . Bright side of things I went and bought me a new Mustang. I got me a 2019 Ford Mustang Ecoboost. See yall at the meeting.
